# PHILIPPINE VISION & MISSION

## Vision:

- The vision of the Philippine Army is to be a professional, capable and responsive army that is a source of national pride.

# PHILIPPINE VISION & MISSION

## Mission:

- The mission of the Philippine Army is to “organize, train, equip, deploy and sustain ground forces in the conduct of support to operations to *“win the peace”* in order to help the Filipino nation create an environment conducive for sustainable development and just and lasting peace.”

# Core Values

The Philippine Army core philosophy focuses on values that are the basis of the soldier's daily existence.

**It is the foundation of all his acts and deeds.** These are the ties that bind.

# Core Values

## 1. Love of Country

"The General (Aguinaldo) has given me the pick of all the men that can be spared and ordered me to defend the Pass. I realize what a terrible task has been given to me. And yet, I feel that this is the most glorious moment of my life. What I do is done for my beloved country. No sacrifice can be too great."

– Gen Gregorio del Pilar

# Core Values

## 2. Valor

- Valor flows naturally from one's love of country. It is the power and strength, courage and ability to overcome fear in carrying out one's mission.
- **Courage is beyond bravery.** It is pursuing a mission against all odds. It is calculating but not suicidal (Physical). **With courage, you do what is right** (Moral).

# Core Values

## 3. Honor

- Honor is the military's crowning value, the hallmark of military conduct, the quality of the soldier's consciousness of personal dignity and self worth.
- In outward form, **honor is seen in cleanliness of the person, courtesy in manners, decency in daily living and prudence in the use of personal or country resources.**
- It shows in the candor, honesty and straightforwardness in speech as well as in actions. **Honor also means integrity.**

# Core Values

## 4. Loyalty

- Loyalty underlies the soldier's Oath of Service. It demands obedience to "the legal prerogatives of duly constituted authority and functions of such offices" in the pursuit of the nation's interests, observance of the Chain of Command, and compliance with the orders to the best of one's ability as all orders must be obeyed.
- President Manuel L. Quezon state that, "My loyalty to my party ends where my loyalty to the country begins,"

# Core Values

## 5. Duty

- Duty is not imposed. It derives its authority from the soldier's steadfast commitment to the service of the country.
- Any civilian and any person intending to join the military service must understand that the soldier's dedication to the military life is incomparable to a civilian's job, for a soldier makes himself available for duty at all times.

# MILITARY PROFESSIONALISM

- "MEN WHO ADOPT the profession of arms submit of their own free will to a law of perpetual constraint. Of their own accord, they reject their right to live where they choose, to say what they think, to dress as they like. From the moment they become soldiers, it needs but an order to settle them in this place, to move them to that, to separate them from their family and dislocate their normal lives. In the world of command, they must rise, march, run, endure bad weather, go without sleep or food, be isolated in some distant post, work until they drop. They have ceased to be the master of their fate. If they drop in their tracks, if their ashes are scattered to the four winds, that is all part and parcel of their job". - CHARLES DE GAULLE

# MILITARY PROFESSIONALISM

## STANDARDS OF MILITARY PROFESSIONALISM:

- **Standard of Loyalty** - all military personnel shall be loyal and true to the Republic of the Philippines, the Constitution, the AFP and to the people at all times. They shall obey the duly constituted authority and abide by laws, legal orders, good morals, good customs, and promote order and public safety.

# MILITARY PROFESSIONALISM

- **Standard of Competence** - all military personnel must possess the knowledge, skill, physical attributes and character traits necessary to attain outstanding performance of duty and accomplishment of the mission.
- **Standard of Morals** - Man is a rational being. Man is also a moral being who is given the capacity to determine what is right and do it and what is wrong and avoid it. In a society, there are accepted practices, customs and traditions which are necessary in the ordering of community such as respect for elders and authority, fidelity to an oath and/or vow.

# MILITARY PROFESSIONALISM

- **Standard of Ethics** - The military community is a part of a larger society - the *Filipino society*. Hence, every military personnel must observe and conform to the accepted principles of right conduct being observed in the society of which he/she is a part. Among these principles of right behavior expected in Philippine society and other civilized societies are *honesty, justice, truthfulness and concern for others*. Honesty should be practiced in all dealings with persons and material resources. Military personnel shall render service to everyone regardless of his status in life. His/her word is taken on face value because he is not supposed to tell a lie. He/She should show concern for the well-being of others to include enemies who have surrendered or have been captured.

# PLEDGE OF LOYALTY

If you work for a man, in heaven's name , work for him, speak well of him, and stand by the institution he represents.

Remember, an ounce of loyalty is worth a pound of cleverness. If you must growl, condemn and eternally find fault, why not?

Resign your position!

And where you are in the outside, damn to your part of this institution, do not condemn it. If you do, the first high wind that comes along will blow you away. And probably, you'll never know why.
